Thanks, Kris. Next week I'm actually on Response Duty (RDO) from this Friday thru next Friday morning, which shows on the calendar as being busy all week, when in reality it's unlikely that I'll be sent out. So all I'll be doing is quietly working from home. Both Wednesday and Thursday are good for me, except from 9:00 AM to 9:30 on Thursday. I'll look at your calendar for those days and send you an invite.

Hi Richard,

I'm looking forward to talking with you about Smurfit Mill – what we know, what we don't know, etc. I checked your calendar to send an invite, but in Outlook you're busy all next week! Best dates for me next week are Wednesday, Nov. 3 and Thursday, Nov. 4. I have a few meetings on those days but hopefully have enough open time that we can find something that works. My calendar is up-to-date if you want to check for good times.

Please send me an invite, or an email, and we'll talk.

Thanks,  
Kris

Hey Kris,

I hope you had a good weekend this past week, and that things are going well for you. I've been covered with SPCC/FRP inspections, but am ready to get back & begin tackling Smurfit Paper Mill. I'd love to visit with you to discuss what we know so far, steps to develop a strategy for going forward (b) (7)(A), (b) (5) and otherwise get your thoughts.

(b) (7)(A), (b) (5)

(b) (5), (b) (7)(A)

Thanks,

- Richard
